## VICE CHANCELLOR'S MESSAGE

**Dr. Shamsul Arfeen Khan**  
*Vice Chancellor (ISU)*

MBBS, (LMC, Jamshoro)  
MPhil, (BMSI, JPMC, Karachi)

*I feel immense pleasure to write this Message for the prospectus of DPT to getting admission in Muhammad Institute of Physiotherapy & Rehabilitation Sciences on a very historic year in the history of Muhammad Foundation Trust. This is the silver Jubilee year of Muhammad Foundation Trust and very first year of Ibn-e-Sina University Mirpurkhas, the 4<sup>th</sup> batch of DPT which was first affiliated with LUMHS, Jamshoro & now with ISU, Mirpurkhas. I was a fresh bud to join the institution 25 years back and groomed to be a very experienced and dedicated worker along with others who joined with me. The day by day increasing responsibilities never ask me to look back but always seeing the future in the present situations, lot of academic & extra academic activities I have participated making me a person to learn more & more.*

*I have seen the 25 years of Medical education in city of Mirpurkhas & its Surrounding with my eyes and mind open, Now with the exception of MBBS & BDS it is also creating a history in the field of Physiotherapy & Rehabilitation. This institution now created marvelous history that cannot be explained in few words and paragraphs.*

*I salute to the intellectual an dedicated personalities who have thrown the seeds in the soil which now became a tree of medical education & Health provider, grow more & more in future in the fields of education beside health. This institute gave me the ability to talk & write on different aspect and at different occasions. This is true for my colleague and students as well.*

*Physiotherapy & Rehabilitation Sciences is now the growing field of Medial Sciences. This science helps the ailing persons who have disabilities and many problems due to the complications of many diseases.*

*Physiotherapy & Rehabilitation defined as restoring the condition of good health or ability to work and regaining the body strength.*

*The four stages of Physiotherapy include Neurological, Neuromuscular, Cardiovascular and Respiratory problem.*

*The five stages Rehabilitation include controlling pain and swelling, improve range of motion and flexibility, improve strength, balance training & sports specific training and gradual restoring to full activity.*

*I wish best of luck for this institution today and in future.*

## Introduction To Physical Therapy

Physiotherapy is a healthcare profession that focuses on human functional movement as core to health and well-being of people of all ages. Physiotherapists maintain and restore maximum movement and functional ability through health promotion, preventive healthcare, treatment and rehabilitation. Physiotherapy management is performed through movement and specific exercises, manual therapy, education, advice and other interventions.

**MUHAMMAD INSTITUTE OF PHYSIOTHERAPY AND REHABILITATION SCIENCE MIRPURKHAS** offers a 5 year Undergraduate Doctor of Physiotherapy [DPT] program affiliated with ISU Mirpurkhas. Doctor of Physiotherapy is a highly respected and sought after professional degree the world over. With the world wide population increasing steadily, DPT is one those of those qualifications that will remain in high demand the world over for years to come.

Muhammad Institute of Physical Therapy and Rehabilitation has established premises with fully-furnished lecture halls, well-equipped labs. The college's environment is aimed at improving the students' academic and rehabilitation skills through various curricular activities such as lectures, tutorials, Continuing Medical Education (CMEs), seminars, skill lab courses including "basic and advanced life support", hands-on training, clinical rotation in different wards and OPDs of the hospital.

### **OBJECTIVE**

The program curriculum incorporates theory, practice and research based components to develop core skills, knowledge and evidence based treatment for physiotherapy practice. Subjects include anatomy, physiology, cardiorespiratory, musculoskeletal, neurology and special topics in physiotherapy. Clinical placement at various clinical settings is an essential part of the curriculum to integrate classroom theory with practical applications.

## ROLE OF PHYSIOTHERAPISTS IN MODERN HEALTHCARE

Physiotherapists are an important part of healthcare team, educated and clinically trained to perform a number of special tests and measures to assess any physical impairment or dysfunction, and identifying the underlying pathology and functional limitations. They provide a physical therapy diagnosis listing the impairments and limitations which may impact quality of life, formulate an effective interventional plan based on short term or long term goals to prevent disability, promote health & wellness and maximize the physical functioning.
